

The generosity of one donor starts a ripple that changes lives and provides hope and healing for many.

And you can start that ripple by making a financial contribution to support key Lifeline of Ohio programs.

Provide comfort and support to families through bereavement services

Since Lifeline of Ohio's founding in 1984, we have walked the journey of grief, healing and remembrance with nearly 8,000 families. Our relationship with donor families begins at the hospital and continues as long as the family desires. Indeed, many families are still in contact with Lifeline of Ohio decades after the donation.

With your generosity, Lifeline of Ohio will enhance bereavement services to:

- **Ensure that all opportunities for donor families and organ and tissue recipients to connect are not missed** because individuals cannot afford the travel expenses.
- **Provide more support and counseling resources** (including workshops and books) to families and children coping with a loss.
- **Expand online resources** – including a virtual tour of the new donor memorial – for hundreds of donor families living outside the Central Ohio area.
- **Provide a once-in-a-lifetime opportunity for a donor family** to honor their loved one while advancing the mission of Lifeline of Ohio on a national stage.

THERE ARE MANY WAYS TO GIVE

➤ **ONLINE**
